13000

Background/Profiles

SQ Group, one of the leading apparel manufactures of Bangladesh, started its journey back in 1993. With the commencement of business, SQ paved the way and set new standards for garment manufacturing in the industry. The Group has achieved significant growth in the last two decades. From Sweater manufacturing, SQ has also expanded to Lingerie manufacturing since 2008. Currently the Group operates through its three main manufacturing units; namely i) SQ Celsius Limited for Knitwear (Sweaters) located in Maona, Gazipur, ii) SQ Birichina Limited for Lingerie and iii) SQ Hues Limited, the wet processing cluster to provide vertical support with yarn dyeing, garment dyeing, garment washing and fabric knitting & dyeing, located inside SQ's industrial park, the SQ Station in Bhaluka, Mymensingh. All the production facilities are purpose built to ensure sustainability, and each of them has achieved the highest distinction in LEED Certification by the US Green Building Council (USGBC)
