Background

Dressmen Group was established in 1984 as a private enterprise with the intent of catering to the global retail industry. The business started with only 60 machines and today the company is exporting to over 60 countries globally. The company is driven entirely with the motto "People, Process, Training & Technology" and this is why we find ourselves in a leadership position in the woven shirts industry. We are proud to associate with many brands from all 6 continents and our business continues to grow sustainably year on year with each of our esteemed customers. Presently we are employing over 3900 people with a plan to increasing annually by 15%.
