### Background

On the globalization era, we like to introduce our local products to the world market and obviously sharing experience, technology and commercial activities. On the business prospect, we like to expose few views that the outer world except Bangladesh is very rich country in all aspect loike language, history, culture and very strong uphold position in European community. Bangladesh is multicultural, multi religious, moderate country, an still running on optimistic possibilities amongst developing countries. Bangladesh is well recognizing for its garments sector, small-cottages & industry, local Handicrafts, fiber products, intemational standard leather goods and many more. Massive mab power, low cost labor market, stable democratic law and order, heaven like facilities for foreign investor makes Bangladesh an ideal home for business.
