Management :

Lakhsma's major strength is its management; we want our employees to feel challenged and make a meaningful commitment to the industry through their individual contribution. In today's industry we strongly believe that "Our product is our success" Our mission statement is... 'Quality in all aspects is the driving force of our operations. Persistence and development ensure quality enhancement and complete customer satisfaction'.

Work Force :

Now our workforce is over 2,300 people, which includes skilled and semi skilled people. In house medical checkup for our people is mandatory. We don't believe in child labour.

Social Compliance :

We firmly believe in the rights of the worker and to get the best products, we must create an excellent environment for our work force. We meet the social compliances required by our customers and have our factory WRAP, BSCI and SEDEX Certified.
