Background

Stock & Bond Ltd. joined in the business as member of the Dhaka Stock Exchange (DSE) Limited in the year 2004. Meanwhile the company could attain to the position of top thirty among the 250 members of DSE. We have eleven branches of the house are opened in different spots of the country. We are working with a target of opening overseas branches to hunt Foreign fund for the Capital market. About twenty five thousand investors are maintaining accounts with us.

Bangladesh Capital Market, DSE has market capitalization over 25 billion dollars. DSE having an average turnover of Tk. 500 crore per day. We are expecting capital market will soon be acceptable to all the sponsors and entrepreneurs as an alternative source of finance other than their own Equity and Debts from other financial institutions. Our capital market one day shall be established as one of the most volatile markets in Asia.

Nature of Business

STOCK BROKER & DEALER
