Aftab G.P. Farms Limited (AGPFL) was established in 2006 with Grand Parent (G.P.) Prior to this venture by Aftab, Parent Stock DOC was imported which was neither operationally nor economically feasible for profitable business. At present Aftab 2 high tech full environment controlled Grand Parent farms at Bahubal and Chunarughat in Habiganj District with 30,000 D line birds rearing capacity. Bangladesh is now self-reliant in Parent Stock DOC. Aftab Imports Grand Parent DOC of Hubbard Efficiency Plus genetics from France from world famous Aviagen Group.
