### Background

Archetype Group is one of the largest privately-owned construction consultancies in Asia Pacific with core services in Architecture & Planning, Building Design and Engineering, Project & Cost Management and Industrial & Process Engineering. The firm's expertise covers the key construction markets of buildings & real estate, industry & manufacturing, and energy & infrastructure.

Since 2002, Archetype has been involved in many different projects. Our built references include prestigious real estate projects such as the MahaNakhon Tower in Bangkok, the Taj Mahal Palace in Mumbai, Capital Place (Four Seasons Hotel) in Jakarta, Saigon Pearl in Ho Chi Minh City, the Siem Reap International Airport, the Shangri-La hotel in Ulaanbataar, Yoma Central in Yangon, the Galeries Lafayette in Shanghai, the ADB Tower in Abidjan and the Regional Council headquarters in Paris.

Archetype's activities in industrial and energy sectors have increased strongly and further our standing as the market leader for these sectors in Indonesia and in the region. Our extensive portfolio of references includes factories and complexes for top clients such as Unilever, Heineken, Danone, AkzoNobel, CocaCola, IFF, Givaudan, Mondelez, Huntsman, Cargill, Syngenta, Sanofi, Bel, Medochemie, Amway, Galtronics, GE and Buhler in the industrial sector and TTC/GEC, Vopak, Exxonmobile and Puma Energy in the energy sector. Transportation references include International Airports in Danang, Siem Reap, Maldives, Mumbai and other hubs in the region.

Archetype Group has 23 offices in 15 countries including Bangladesh, Cambodia, China, France, India, Indonesia, Kazakhstan, Laos, Mongolia, Myanmar, Philippines, Singapore, Sri Lanka, Thailand and Vietnam; and has more than 1,000 employees worldwide.
