Background

Energypac Power Generation Limited, one of the leading electro-mechanical engineering companies in Bangladesh, was founded in 1995. Since then, the company has been working successfully in the sectors of Power Generation, Energy, Infrastructure, Commercial Automotive, Industrial and Commercial Building, Assembling, and Manufacturing. The company has earned numerous accolades and recognitions throughout its journey for 25 years, including ISO 9001-2015 certification, Superbrands Award and Global Distributor Award and Best Brand Promotion Award for JAC. In manufacturing, the company has state-of-the-art factories for G-Gas and Steelpac, and assembly plants for JAC motor vehicle and GLAD generators. And in the trading sector, Energypac is associated with world-renowned companies like ANKAI, JCB, LiftsAll, SHACMAN, JOHN DEERE, WOODWARD, SIEMENS, FG WILSON and Heli.

Nature of Business
