### Background

Operating in Bangladesh since 2002, TOTAL is now the leading importer and marketer of LPG products in the country and continues to be the fastest growing brand in the LPG industry. TOTAL has a state-of-the-art 100,000MT throughput capacity LPG import storage and bottling terminal at Sitakundo, Chittagong. Designed according to the latest international safety and quality standards and equipped with the most modern automatic LPG cylinder-fill-ing and testing machinery.

In 2013, TOTAL acquired Linde's (formerly BOC) LPG plant at Sherpur, Bogra to strengthen the market presence in North Bangal. Beside this there is one 3rd party filling plant at Narayanganj to cater the Dhaka market. TOTAL has a team of highly-qualified professional specializing in the field of LPG who are dedicated ot providing safe and innovative LPG solutions to over 900,000 customers nationwide using our network of 300+ distributors and over 7,000+ LPG dealers.

### Nature of Business

In Bangladesh, the company is in the business of importing, storing, boltling and marketing of Liquefied Petroleum Gas (LPG) under the brand name TOTAL in 12 kg, 33 kg, 45 kg capacity cylinders for domestic and commercial application and in bulk road tankers for industrial use. Since 2015, TOTAL successfully installed to AUTO LPG stations in the country to supply LPG for vehicles.
